OLIVE OIL

Much of the oil now on the market contains cotton seed oil, sesame oil, hemp oil and other cheap oils. These adulterated oils have none of the medicinal properties of the genuine oil. The kind we sell is the product of the finest grown olives and is just as pure as can be had from freshest and ripest fruit.

The Appeal To Reason

There are men who will never get the "hunch" to try on a Stein-Block shirt. They are in the merchant tailor habit. If once they wear a Stein-Block shirt they would become enthusiasts. But they never stop to consider that there may be right here in this store a better fitting shirt at a lower price than they have ever worn. You, who believe these things are possible, we invite you down to our store to try on the new summer Stein-Block styles, light and cool and stylish, with the real style of the great centers of fashion.

A Few Reasons Why You Should Use the Leonard

The twelve wall construction means a great saving of ice in a short time. The case or outside frame work is of solid oak, beautifully finished. The heavy lined wire shelves are removable for cleaning. The drain pipe is quickly removed for cleaning. The genuine porcelain lining is absolutely germ proof and is easily cleaned. The circulation is perfect, assuring a free circulation of pure dry air. Foods when placed in the Leonard retain their sweetness and wholesomeness. In fact you can't buy a better refrigerator than the Leonard Cleanable Porcelain lined.
